# Viva Learning støtter følgende dokument typer:

- Word, PowerPoint, Excel, PDF
- Audio (.m4a)
- Video (.mov, .mp4, .avi)
- Linked objects (preview)

# Lisenser

Using the Viva Learning app does not require advanced pre-requirements on Microsoft 365 side.

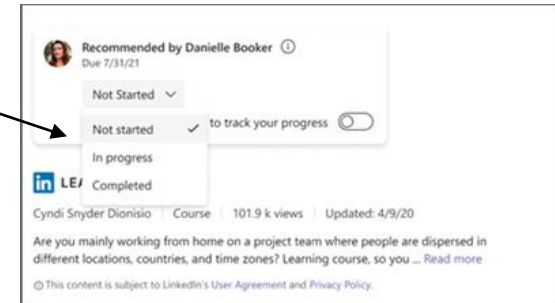

You need to own one of the listed licenses: Microsoft 365 F1, F3, E3, A3, E5, A5, Office 365 F3, E1, A1, E3, A3, E5, A5, Microsoft 365 Business Basic, Business Standard, Business Premium, or SharePoint K, Plan 1, or Plan 2.

You need to have Microsoft Teams rolled out and set up to use Viva Learning.

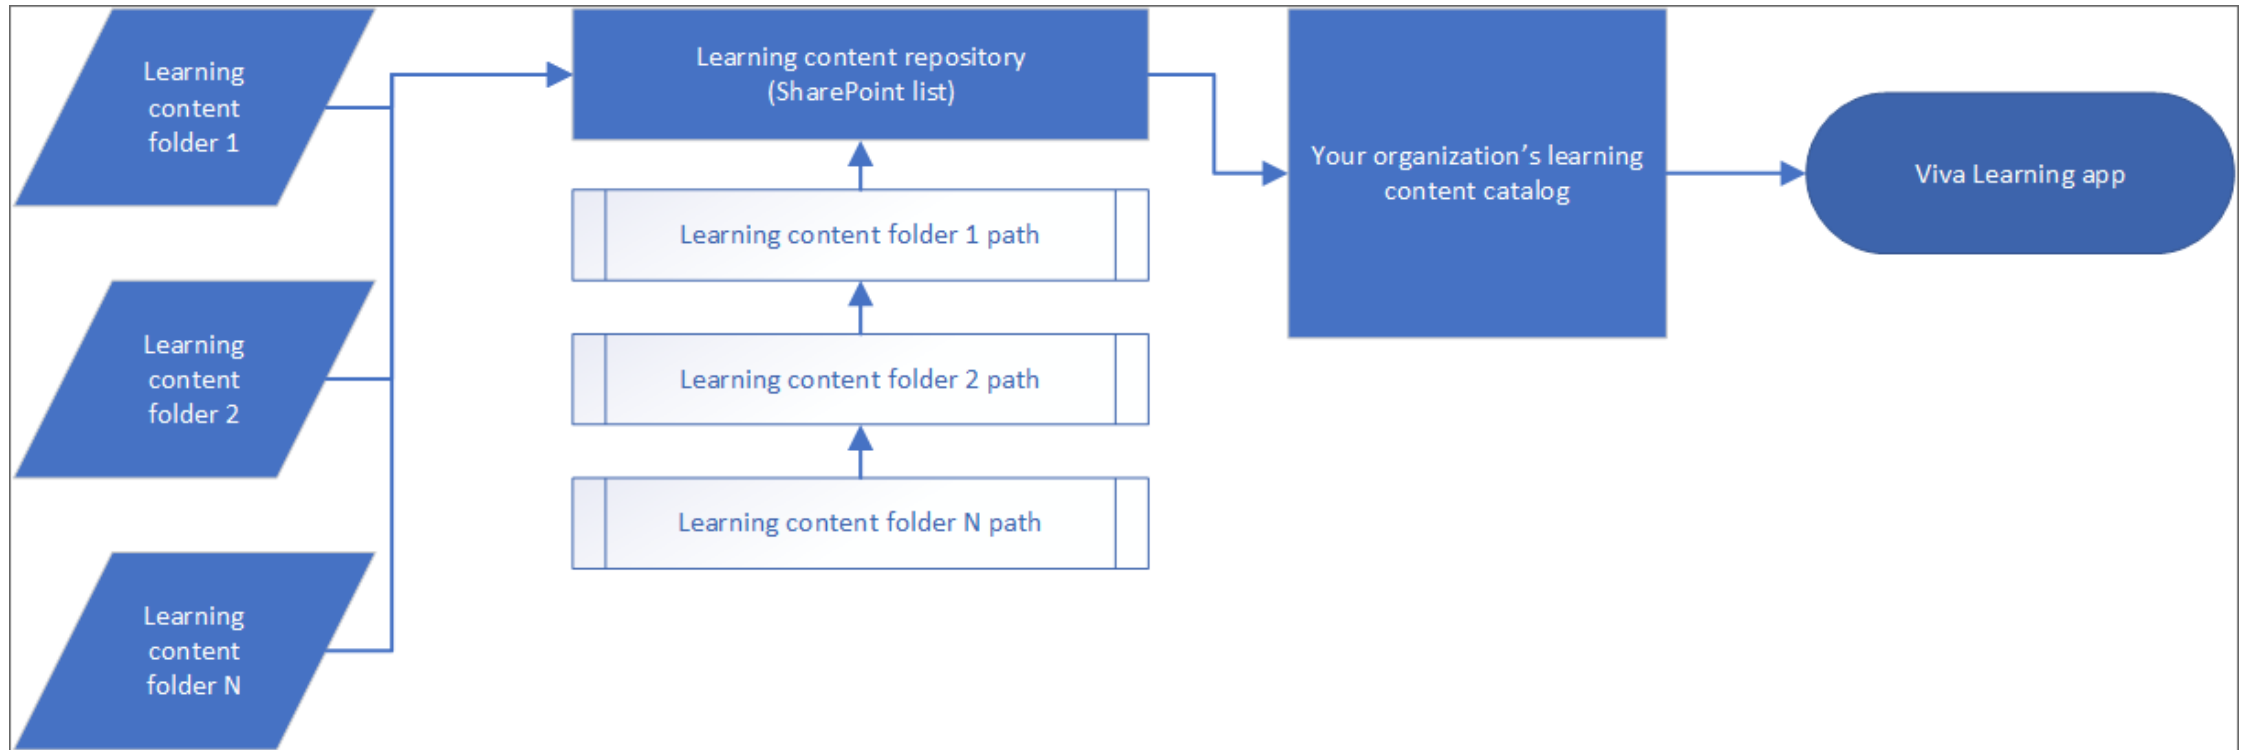

Skal du knytte til andre kilder enn SP trenger du premium lisens.

Ønsker du funksjonaliteten “Recommend” trenger du også premium lisens.

Det samme gjelder for tracking av fremdrift.

# Slik virker det

# Learning Service

The Learning Service uses the provided folder URLs to get metadata from all content stored in those folders. Within 24 hours of supplying the folder URL in the centralized repository, employees can search for and use your organization's content within Viva Learning. All changes to content, including updated metadata and permissions, will also be applied in the Learning Service within 24 hours\*

\*Disclaimer: Jeg har noen ganger ventet 4-5 dager for å få kildetilknytningen....

Men metadata endringer på filer (Thumbnails, Duration, ContentAuthor) endrer seg raskt.  
Nye filer tar opptil 24 timer (når du først har fått kildetilknytningen)

# Om Viva Learning Tab i kanaler.

## Bring your own content to Viva Learning

You can now to bring your own learning content from SharePoint into your Viva Learning Tab in your designated channel within Microsoft Teams. Content can be bookmarked, recommended, and shared.

**Note:** Customized content you bring into your Viva Learning tab will not be searchable in Viva Learning

# Metadata kolonne formateringer

DEMO

# DEMO: Lag ditt eget Viva Learning innhold

# DEMO – hva gjorde jeg

1. Lagde en SP team site
2. Lenket denne opp i Viva settings i Adm senteret
3. Lagde en mappe og kopierte adressen til denne til en oppføring i Viva listen i team siden
4. Lagde en M365 group og ga denne tilgang til mappen
5. Lagde metadata kolonner (format/navn må være korrekt)
6. Lastet opp filer og ventet i 24 timer++..

# Skjermbilder fra demo

Skjermbilder følger:

The screenshot shows the SharePoint interface for the 'Viva Learning Content' site. The top navigation bar includes the 'SharePoint' logo, a search bar, and settings, help, and user icons. Below the navigation bar, there are links to 'Create site' and 'Create news post'. The main content area is divided into three sections: 'Following' (with a star icon and text indicating no sites are followed), 'Add site owners and members' (with instructions on assigning site owners and members), and 'Featured links' (with an 'Edit' button). The 'Add site owners and members' section is the focus, showing a list of members to be added. A search bar labeled 'Start typing a name' is present, and a list of members is shown below it. The first member listed is 'Thorbjørn Værp', with a dropdown arrow next to the name. A 'Finish' button is located at the bottom of the member list. An arrow from the title points to the 'Thorbjørn Værp' member entry.

# Kopier URL

The screenshot shows a web browser with the URL `https://sz10h.sharepoint.com/sites/VivaLearningContent` highlighted in the address bar. An arrow points from the text "Kopier URL" to this address bar. The browser window displays the SharePoint interface for the "Viva Learning Content" site. The top navigation bar is blue with the "SharePoint" logo and a search bar. The left sidebar shows the site's navigation menu, including "Home", "Conversations", "Documents", "Notebook", "Pages", "Site contents", and "Recycle bin". The main content area features a "News" section with a "Keep your team updated with news on your team site" message and an "Add News" button. There is also a "Quick links" section with links to "Learn about a team site" and "Learn how to add a page". The "Documents" section is visible at the bottom right, showing a list of documents with a "Name" column header.

**Info** If you replace your current SharePoint site URL with a new one, everyone will lose access to the current SharePoint Learning app repository. Users will see errors when trying to access content stored there. Make sure to add all your training content to the new repository.

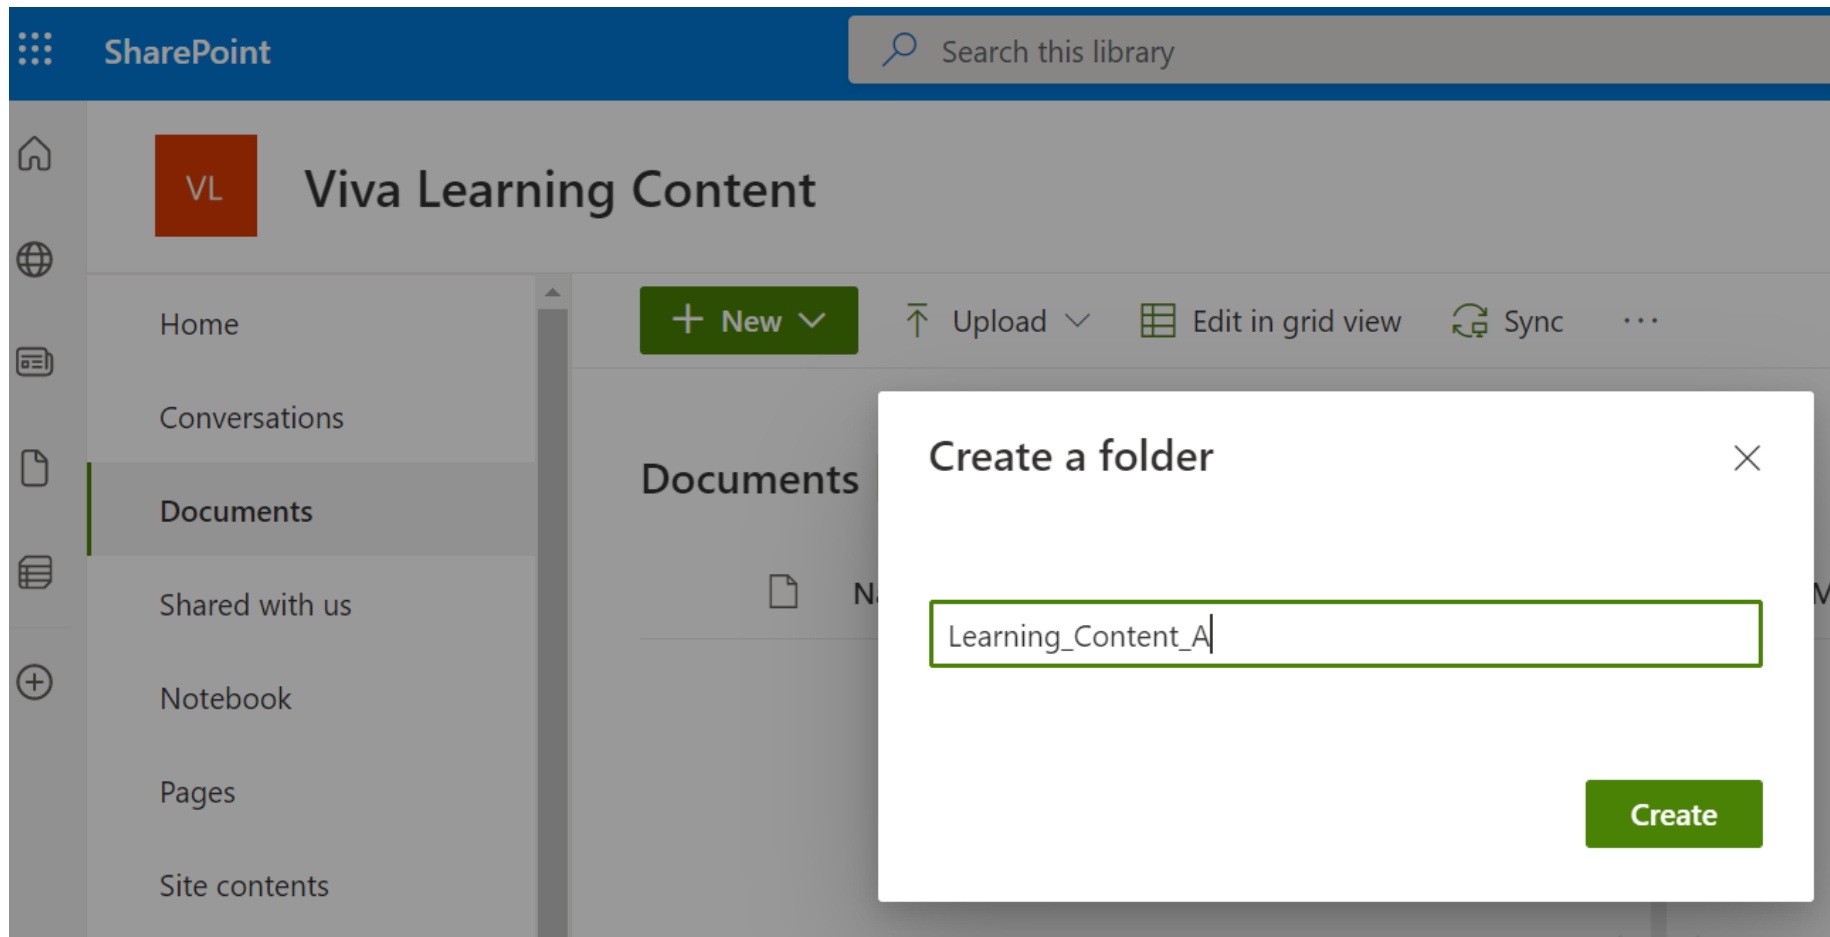

# Sjekk at du har fått SP listen

The screenshot shows the SharePoint 'Site contents' view. On the left, a sidebar lists navigation options: Conversations, Documents, Notebook, Pages, Site contents (highlighted), Recycle bin, and Edit. The main area has two tabs: 'Contents' (selected and boxed) and 'Subsites'. Below the tabs is a table with two columns: 'Name' and 'Type'. The table lists several content types: Documents, Form Templates, Site Assets, Style Library, and Learning App Content Repository. An arrow points from the title 'Sjekk at du har fått SP listen' to the 'Learning App Content Repository' row in the table.

Creates a group email to collaborate. You can also add Microsoft Teams for group conversations, files, and calendars.

☐ **Distribution**  
Creates an email address for a group of people.

☐ **Mail-enabled security**  
A distribution list that can also be used to control access to OneDrive and SharePoint.

**Next**

## Note

While only **Microsoft 365** and **Mail-enabled security** group types are supported, it's recommended that you use a **Microsoft 365 Group**. Viva Learning doesn't support user-based permissions. Viva Learning won't ingest files that don't have associated Microsoft 365 Groups permissions.

## Note

You'll need to add the owners as members in order for them to have access.

Microsoft 365 admin center

Active teams and groups > Add a group

**Assign owners**

Group owners have unique permissions. They can add or remove members, change group settings, and change group settings. Group owners can also rename the group.

You have to have at least one owner. We recommend adding two, so one can help add Microsoft Teams to this group; all owners must have a license that includes Teams.

**+ Assign owners**

# Gi tilganger til mappen med read til M365 gruppe(r)

The image shows a SharePoint interface for a library named 'Viva Learning Content'. The left sidebar contains navigation links: Home, Conversations, Documents, Shared with us, Notebook, Pages, and Site contents. The main area displays a list of documents, with a folder named 'Learning\_Content\_A' selected. A context menu is open over this folder, showing options like Share, Manage access, Download, and Delete. An arrow points from the 'Manage access' option to a 'Grant access' dialog box on the right.

The 'Grant access' dialog box is titled 'Grant access' and shows the folder 'Learning\_Content\_A'. It lists the current permissions for the selected group 'VL content A Mem...' as 'Can edit' (Make any changes). Below this, there is a section 'Add another' with a message '1 group will be invited.' and a 'Notify people' checkbox. At the bottom, there is a green 'Grant access' button.

# Lag en oppføring i Viva Learning Content listen

## ⓘ Note

To allow for broader access to the Learning App Content Repository, a link to the list soon will be available in the Viva Learning interface where users can request access and ultimately help populate the list. Site owners and global administrators will be required to grant access to the list. Access is specific to the list only and does not apply to the site where the list is stored. For more information, see **Provide your own organization's content** later in this article.

# Metadata

Default metadata (such as modified date, created by, document name, content type, and organization name) is automatically pulled into Viva Learning by the Microsoft Graph API.

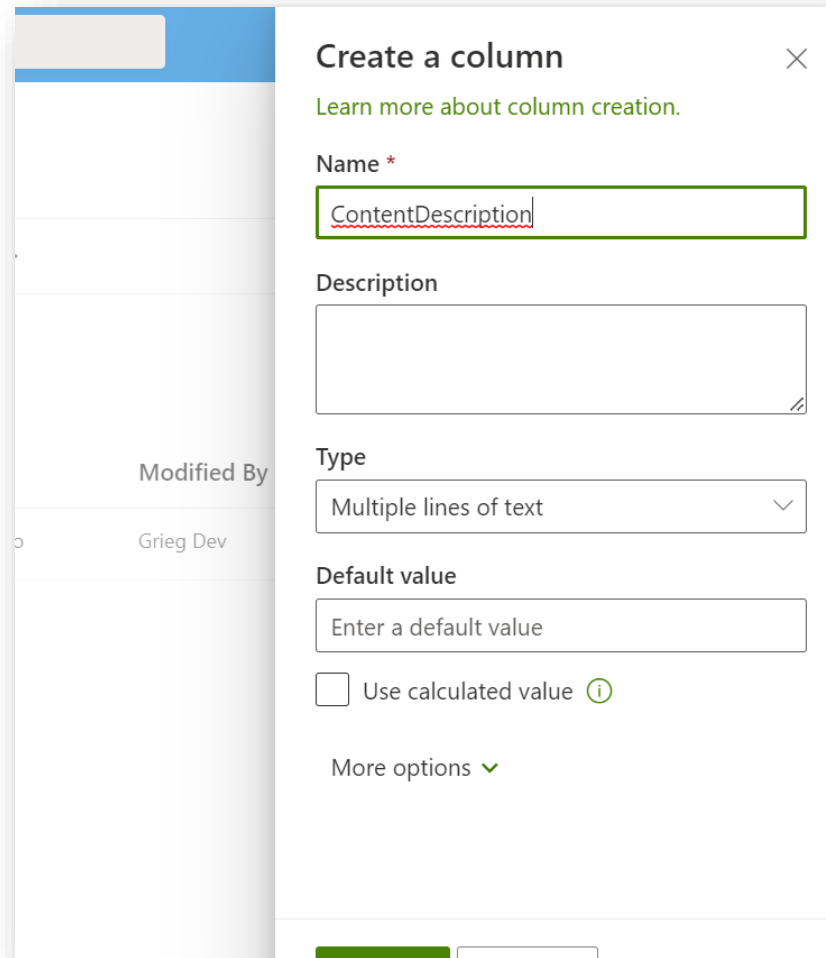

## Important

You'll need to use the column names exactly as they're provided here for the metadata to pull through.

# Metadata kolonne formateringer
